Of the total immigration to this country during the past ten years—2,222,855—a little over 840,000 were Germans. The immigration for 1883 reached 405,000, and 176,691 of this number were Germans, and only 55,000 Irish.

The Chicago Sunday Inter Ocean says that N. Smith and Daniel Johnson, have been elected delegates to the Chicago republican convention for the first congressional district of Wisconsin. There is nothing like going away from home to learn the news.

Patents were issued on April 23d to Wisconsin inventors, as reported to us by Messrs. Erwin & Benedict, Patent attorneys, of 393 East Water street, Milwaukee, Wis., as follows:

Chen—D. W. Curtis, Fort Atkinson. Bed-pan—J. E. Drakely, Madison. Fly net for horses—D. Fishbeck, Milwaukee. Double acting pump—W. H. and C. A. Holcombe, Beloit. Device for ascertaining the variation of compasses, C. E. Kirtland, Milwaukee. Seal lock—C. M. Plumb, Oshkosh. Fan-blower—J. E. Standley, Oshkosh. Potato digger—H. Nelson, Waupaca.

William B. Strong has been re-elected president of the Atchison, Topoka & Santa Fe railway. The annual meeting of the stockholders of that great corporation took place at Topoka last Thursday, and to the re-election of Mr. Strong there was no opposition. In addressing the board of directors, he said: "For the honor of a re-election, for the personal and official confidence which that election implies, I am most deeply and sincerely grateful. The pleasure which this mark of your esteem gives me is heightened by the fact that restored health and strength will enable me to give to your service that time and labor and thought which it requires. For your unfailing and considerate kindness during my long illness, I thank you. It will remain with me a cherished memory while I live." After sketching briefly the achievements of the Atchison, Topoka & Santa Fe, and paying handsome tributes of respect to Mr. Tutwiler and Judge Thibault, late officers of the road, Mr. Strong said: "Now, gentlemen, with high hopes for the future, with steadfast faith in the possibilities of this great enterprise which you control, I am ready to go forward with the work assigned me, knowing by years of experience that I will have your hearty support." The re-election of Mr. Strong to the office of president of that road, was almost a matter of necessity. His success has been so thoroughly marked, and his administration so positively excellent, that the election of any one else would have tended to unsettle the public mind in Kansas as to the future policy of the Atchison, Topoka & Santa Fe. Mr. Strong has the unlimited confidence of the people of Kansas, and that great railway enterprise is his pride, and while he is connected with it, they will not doubt that the policy of the road will be wise and liberal. The friends of Mr. Strong in Wisconsin, will be highly pleased to learn of his re-election to the presidency of the Atchison, Topoka & Santa Fe.

THE STATE PIONEER ASSOCIATION.
A call has been issued by A. M. Carter, president, and J. B. Parkinson, secretary, of the Wisconsin Pioneer association for an annual meeting at Madison in June. The call reads as follows:
"MADISON, April 26, 1884.—The annual meeting of the Wisconsin Pioneer association will be held at Madison on Wednesday, the 11th day of June, 1884. The membership of this association embraces all persons who deem themselves pioneers to the state. It is proper that the old pioneers meet occasionally and live over with each other the pleasures, trials, hardships and incidents of early life in the territory. It is hoped a lively interest will be kept up in these annual gatherings of pioneers. They do much to render life interesting and pleasant.
The meeting of the present year promises to be one of unusual interest. The Hon. John R. Bennett, of Rock County, has consented to deliver the annual address. He is a man of fine ability, a writer of great vigor, possessing a vein of quiet yet genuine humor, a speaker of eloquence and power, and a devoted friend of early pioneers. That his address will be one of vast interest to all who hear it, does not admit of a doubt. Other addresses suitable to the occasion will be delivered by distinguished citizens of the state.

An Old Man Dragged from Bed and Hung to a Tree.

Three Men Arrested—Murder and Suicide on a New York Highway—The Old Story of Separation and Murder.

Des Moines, Iowa, April 28.—The people of Audubon county are greatly excited over what seems to be a most atrocious and unparallelled murder. An old man, the name of Hiram Johnson was found at day-break Saturday morning suspended from the limb of a tree within a few rods of his house. He was naked, and although his feet rested on a stump, he was quite dead. His body was found by a man named John Smythe, who has been arrested for participation in the murder. The man named John Smythe, who has been arrested for participation in the murder, was a rough, ill-tempered fellow, and was found with a bloody knife in his hand. The Frequent Story.

Syracuse, N. Y., April 28.—At 6 o'clock Saturday afternoon, the highway leading from Jordan, Onondaga county, to Meridian, Cayuga county, was the scene of a remarkable tragedy. Some days ago a man and woman, who registered as Oscar J. Putnam and wife, put up at a hotel at Jordan depot. They went to Utica on Friday and returned about 3 p. m. Saturday Putnam hired a conveyance from Niles' livery stable, and taking his wife and putting a trunk in the wagon, started for Meridian. When several miles out they met Mr. and Mrs. Sturge, who were driving in an opposite direction. Mrs. Putnam begged Mr. Sturge to stop, saying that her husband had been shot and was lying on the ground. Mrs. Sturge got into the wagon with the Putnams, and sat on the seat between the man and wife. Mr. Sturge turned his horse about, and drove him back to the spot where the Putnams were lying. Mrs. Putnam suddenly flung herself against his wife, and fired three shots at her in rapid succession. The first ball entered the palm of her hand, and followed up by the other two, which were fired in quick succession. The third ball entered the back of her head, and died instantly. The horse, frightened at the report of the revolver, ran for some distance with Mrs. Putnam's body tossed about in the wagon, but was stopped before it reached Meridian, where the bodies were removed. In one of Putnam's pockets was this note:

"To whom it may concern: We wish to be sent to Adrian, Mich., our sister, Mrs. S. S. Smith, for burial. When our expenses will be paid. We wish to be laid out in these clothes. This horse belongs to Niles, and is a fine one. W. B. W."

The bodies are in the possession of the authorities, and it is probable that after the usual legal formalities the foregoing directions will be complied with. The dead woman, whose maiden name was Mary Watson, was 33 years old, and her husband was 38. They were married in Meridian, Cayuga county, in 1855, and separated at Dunkirk, where he had been employed as an express agent. In the fall of 1883, Putnam, having been discharged because of a shortage in his accounts, went to his sister's in Adrian. His wife came to this city and found employment as a book agent, where he had occupation before her where Putnam found her last week, and threatened to kill her if she did not resume her relations with him. Her persistent refusal to do so is supposed to have been the cause of the crime.

Lake Michigan Harbor Improvement.

WASHINGTON, April 28.—The total amount appropriated by the river and harbor bill will be in the neighborhood of \$15,000,000. The amount allowed for the Chicago harbor is \$10,000,000. The Michigan river and harbors are given about \$25,000 in all. The most important of the improvements under the Michigan coast law the following amounts awarded to them: Little Rock, \$100,000; Sand Beach, \$75,000; Hay Lake, \$100,000; Saginaw river, \$50,000; Grand Haven harbor, \$50,000; Muskegon harbor, \$50,000; White river, \$100,000; Ludington, \$50,000; Manistee, \$50,000; Presque Isle, \$50,000; Chequamegon, \$100,000; Cheboygan, \$50,000; St. Joseph, \$15,000; South Haven, \$7,500; Menominee, \$10,000; Bala river, \$2,000. Surveys are ordered at Lac La Poudre and Potokoy harbor.

THE INTERNATIONAL TRAMP.

Howell and the Other Pedestrians Start on Their Six Days' Walk.

New York, April 28.—The doors were opened in Madison Square garden at 3:30 p. m., and in a very short time the immense structure was entirely filled by a vast crowd of people, representing all grades of society.

The best order was maintained in admitting the assemblage to the garden, through the careful discipline of Capt. Williams, assisted by a large staff of selected officers. All the pedestrians arrived early, and lost no time in taking position of their several beds, where they donned their racing gear, in which they reclined until told to get ready.

The guard's color, red and blue bars, white trunk, Fanchot, red drawers, brown and blue trunks; Nita-Big-Ebow, the Indian, blue tights, white belt and cap and blue shirt; Fitzgerald, green cap, blue trunks, red drawers, drab shirt; Sam Day, Mossy, Harrier colors, all white and black cap; Cam, blue, dark-colored shirt, blue trunks, white cap; Noremac, the plaid of the Cunean clan; Thompson, white pants, blue trunks and cap; Elson, white and black velvet trunk; Sullivan, dark-colored shirt, red and black tights; and

trunks; Herty, all red, with black trunks; Burrell, blue and white; Lonsburg, dark blue and white shirt. The betting was: 10 to 1; Herty, 10 to 1; Sullivan, 10 to 1; Vint, 10 to 1; Fanchot, 10 to 1; the Indian, 10 to 1; the rest 40 to 1.

The start was made at one minute past 12 and "Old Sport" started off in the lead, which he soon relinquished to Noremac, who made the first mile in 6 minutes 40 seconds. Howell was second a yard behind, then came Fitzgerald, a yard farther back, and Herty close up. The second mile was made in the same order—time 11 minutes 55 seconds. There was no change in the third mile, which was made by Noremac in 21 minutes 20 seconds. The Indian was going at a fine loping trot, which kept him close up. The fourth mile saw the Indian sixth, and Noremac still in the lead; time 38 minutes 40 seconds.

During the sixth mile, Day ran into the lead, but did not hold it long, as Noremac soon shot by him. In the first hour—at 1 o'clock—the score stood: Noremac, 10 miles; Fitzgerald, 9 miles; Sullivan, 8 miles; Burrell, 8 miles; Vint, 7 miles; Thompson, 7 miles; Fanchot, 7 miles; Campane, 7 miles; Lonsburg, 6 miles 3 faps.

Noremac's Report on the Tramp.
WASHINGTON, April 28.—Mr. Noremac, chief of the bureau of statistics, has been to the secretary of the treasury, and reported to the operations of the tariff act of March 3, 1882. It appears that that act caused a reduction of about 5 per cent in the average ad valorem rate of duty on the following: Sugar and molasses, a reduction of 8.25 per cent; iron and steel and manufactures thereof, a reduction of 6.75 per cent; clothing wool, a reduction of 3.88 per cent; combed wool, a reduction of 1.12 per cent; manufactures of wool, a reduction of 4.62 per cent; manufactures of cotton, an increase of 1.32 per cent; manufactures of silk, a reduction of 8.33 per cent; earthen and china ware, a reduction of 15.12 per cent; glassware, an increase of 1.00 per cent; spirits and wines, an increase of 18.30 per cent, and malt liquors, a reduction of 58.61 per cent. The report, which is a document of seventy-two pages, contains a summary of the changes of duty on a large number of articles, and is a valuable record of the changes in the tariff act of March 3, 1882, and by the fall in the import prices of commodities. It contains also a considerable amount of statistics of the trade of the United States, and is a valuable record of the changes in the tariff act of March 3, 1882, and by the fall in the import prices of commodities.

Telegraph Companies Cutting Rates.
New York, April 28.—The Western Union has reduced the night messages to 15 cents for ten words and 1 cent for each additional word between all points east of the Missouri. There are no changes in the tariff for day messages. The reduction was made to meet the low rates offered by other companies. The Bankers & Merchants had made the rate 15 cents on Wednesday, while the Baltimore & Ohio night rates have been lower than those of other companies for about a year. Instructions have now been given to all Baltimore & Ohio offices to accept messages for transmission during the night and delivery at destination upon the morning of the next succeeding business-day at the very low uniform rate of 1 cent a word, a minimum rate or charge on any message being 15 cents, the date, address, and signature not being counted over. This is the lowest tariff for telegrams ever adopted within any considerable area of territory, not including the rates in use in the European government telegraph systems. The uniform rate of 1 cent a word on night messages applies at 7:30 or 8:00 o'clock.

THE BADGER STOVE COMPANY!
Badger Cooking Stoves and Ranges.

Under the Griswold & Holloway patents. **WILLY BURN HARD COAL, SOFT OIL OR WOOD.** These stoves have been THE ONLY SUCCESSFUL and their practicability is fully established by every one using them. We have now about thirty families using them in this city and vicinity, and refer by permission to each and every one in regard to them.

WHAT WE CLAIM FOR THEM.
FIRST—Novelty of construction, being a radical departure from old principles and construction. Nothing like it in the market.
SECOND—Ease of Management, whereby a continuous fire can be kept up as easily as in the case of ordinary stoves.
THIRD—Rapid and uniform heating of oven and new system of ventilating same; also heating equally all inside holes for cooking purposes.
FOURTH—Durability. The fire pot being cylindrical, consequently being much stronger, and draft through same equalized.
FIFTH—Cleanliness. Having an extra large Ash Pan, entirely enclosed within walls of stove, and so arranged as to receive all refuse from grate.

These Stoves and Ranges are now on sale in Janesville by John Griffiths, West Milwaukee St., or N. Griswold, 56 North Main Street.

Don't miss examining these Stoves and Ranges, before buying any other, and if on examination the Badgers fail to please, you will find A FULL LINE OF OTHER STOVES at the same places at reduced prices.

We are not land sharks. We use no stoic plots, or devices to deceive people into buying what they don't want. We sell property on its merits. We deal on the square and guarantee everything to be as represented. If you want to buy or rent a cheap or expensive farm, lot or acre, or a cheap or expensive house and lot, or business block, or want any thing in the real estate line, we will put you on the spot. Call on us and be convinced. Safe rules to follow in buying real estate. If when you are in the agents office talking of buying property, a fellow comes in and wants it, don't buy. If when you are going with an agent to see property, you meet a fellow who wants that property, don't buy. If you do you will find out to late that the fellow who wants to buy the agent's stock piece, and that he and the agent have put you on the spot. In all cases you will be sure if the agent has a buyer, he will not fool away any time. Before you buy real estate, convince yourself that you know what you are doing.
